Best all-around e-reader for PC Jan 25, 2018 John C. I have been using the app on and off since 2010 on various platforms. This is by far my favorite. The user interface is intuitive and simple to navigate. The books are available in most formats. The online catalog is better than any other I've used and makes it easy to add books to your library. I've even been able to buy some books in the web catalog. The only complaint I have is that you can't download files from the Amazon cloud to your PC. That's the only thing keeping me from loving it more. Best all-around e-reader for PC Jan 25, 2018 John C. I have been using
